"I feel like I am in a movie theater when I am using the PAE to watch TV, because it is like the best surround sound."

~GearDiary

"I like that I don't have to turn on subtitles anymore, which I always thought messed up the TV screen." ~GearDiary

"The PAE sounds great in any of the four EQ settings, and is perfect for when I want to watch TV in the bed while the wife dozes off."

~Tech Goes Strong

THE HEARING HELPER TV

VitaSound TV is the TV Hearing Helper. Enjoy watching favorite shows in full digital-stereo sound without having to crank up the volume. Use with the high-end earbuds (included), or personalize by using other colors, brands and styles of wired earbuds and headphones – compatible with Bose®, Beats™ by Dr. Dre™, Apple®, Atrio® and other popular brands. In-ear volume is independent of the television's speaker allowing watching TV without disrupting others. Television sound is broadcast up to 33ft away, with no line-of-sight requirements. Powered by the patented Neuro-Compensator® technology, the VitaSound TV delivers crisp and natural sounds, clear voices, reduces background noise, and amplifies the important things to hear well.

- Personal TV Audio Enhancer with patented Neuro-Compensator® technology and full digital-stereo sound
